

SUPPLIERS IMPROVEMENT SUGGESTIONS

As highlighted during the Suppliers Convention presentation of last December 2nd, Fincantieri created a TEAM devoted to the collection and evaluation of the suppliers improvement suggestions.

The suppliers ideas will be listened to, discussed and analyzed by the team, involving several departments such as those dedicated to Suppliers, Design and Production.

The suggestions that turn out to be convenient and profitably implemented, will be jointly developed by Fincantieri and the supplier.

The suggestions can be mailed at the following address: "proposta@fincantieri.it"
