

ALL IN ONE IS BETTER

**FINCANTIERI** **Si**  
evolving integration

## A new company with solid capabilities

**Fincantieri SI** is the new company dedicated to the design, production and supply of innovative and integrated electrical, electronic and electromechanical systems.

Thanks to this new company, the Fincantieri Group takes advantage of a stronger integration between its mechanical, electrical and electronic capabilities.

## A global partner for marine and heavy industries

**Fincantieri SI**'s products and services are aimed not only to the marine sector – for cruise ships, naval vessels, yachts, offshore vessels and platforms – but also to other industrial segments, such as steel, oil and gas and power generation.

**Fincantieri SI** brings together each sector's best practices and skills, creating a virtuous circle that drives product and service quality ever higher.

## Full integrated electrical supplier

**Fincantieri SI** handles the entire integrated electric and electronic package, offering to its customers a turnkey product spanning the most sophisticated propulsion systems and the on-board electrical auxiliaries, delivering project management, project engineering, construction and commissioning, key hardware and software components, and life-cycle service.

## Innovation toward the smart vessel solutions

**Fincantieri SI** innovates by pursuing the idea of the “smart vessel”. This new, highly developed type of ship incorporates advanced technology that brings energy-efficiency savings with reduced environmental impact and greater comfort, in navigation and on port both.

## Complete life-cycle service

**Fincantieri SI**'s operating model is highly integrated, with an exchange of expertise to support clients throughout the entire ship's life-cycle.

Service and maintenance activities, also supported by remote control and monitoring, cover electrical and automation systems, as well as key components.

## **FINCANTIERI**

### **The only company of its kind in the world**

With 21 shipyards and 20,000 people in Europe, Asia and the Americas, Fincantieri is a global multinational, the only one that can build all types of highly complex vessel, from cruise ships to mega yachts and naval vessels to high-end offshore vessels.

Fincantieri's culture is built around Italian style, innovation, continual improvement, social and environmental responsibility and supreme competitiveness on the market.
