

FINCANTIERI SERVICES ESTABLISHED IN THE USA

It will be the new reference for service activities on American territory

Trieste, March 9, 2018 – As part of its business development strategy in the United States, Fincantieri has established Fincantieri Services USA, a wholly owned subsidiary, based in Miami, Florida, which will be the focal point in the country for all the services and after sales activities on cruise ships of the Group.

Fincantieri Services USA will be the sole front office for cruise customers, offering a wide range of services - particularly all those related to the life cycle management of the vessels - as well as focusing on repairs and refitting.

Fincantieri Services USA will become a reference point for American shipowners in the US services segment, allowing Fincantieri to negotiate long-term agreements in this sector and thus leverage the current and still booming market trend.
