

WORK STARTS IN DRY DOCK IN ANCONA ON “SEVEN SEAS GRANDEUR”

She is the third cruise ship to be built for Regent Seven Seas Cruises

Trieste, July 12, 2022 – The keel laying ceremony was held today at the Ancona shipyard for “Seven Seas Grandeur”, the third luxury cruise ship that Fincantieri is building for Regent Seven Seas Cruises, brand of the Norwegian Cruise Line Holdings Ltd. The delivery is scheduled for 2023.

During the ceremony three custom-minted coins have been placed onto the keel of the ship, each one representing one of the sister ships: “Seven Seas Explorer”, “Seven Seas Splendor” and “Seven Seas Grandeur”. The coins for the two vessels, delivered at the Sestri Ponente (Genova) shipyard in 2016 and Ancona shipyard in 2020, are replicas of those that were placed on respective vessels, while the new coin includes the cruise line’s 30th anniversary logo.

Like the first two vessels of her class “Seven Seas Grandeur” will be 55,500 gross tons with accommodation for only 732 passengers, with among the highest staff-to-guest ratio in the industry. She will be built using the very latest in environmental protection technologies, while the interiors will be particularly sophisticated, with every attention paid to passenger comfort.

Fincantieri is one of the world’s largest shipbuilding groups, the only one active in all high-tech marine industry sectors. It is leader in the construction and transformation of cruise, naval and oil & gas and wind offshore vessels, as well as in the production of systems and component equipment, after-sales services and marine interiors solutions. Thanks to the expertise developed in the management of complex projects, the Group boasts first-class references in infrastructures, and is a reference player in digital technologies and cybersecurity, electronics and advanced systems. With over 230 years of history and more than 7,000 ships built, Fincantieri maintains its know-how, expertise and management centres in Italy, here employing 10,000 workers and creating around 90,000 jobs, which double worldwide thanks to a production network of 18 shipyards operating in four continents and with over 20,000 employees.
