

CLARIFICATION ON PRESS REPORTS

In relation to recent news published by certain newspapers, the Company, as requested by Consob, informs that, as part of its growth strategy, it is interested in evaluating various strategic opportunities, with the primary objective of ensuring Fincantieri's technological development in line with the direction provided by the new business plan and in order to create value for all its stakeholders. With reference to growth through external means, the Company will evaluate all of the most effective financial solutions also based on the type and size of the potential opportunity.

Possible decisions that could be taken on these matters will be communicated in compliance with current regulations.

Fincantieri is one of the world's largest shipbuilding groups, the only one active in all high-tech marine industry sectors. It is leader in the construction and transformation of cruise, naval and oil & gas and wind offshore vessels, as well as in the production of systems and component equipment, after-sales services and marine interiors solutions. Thanks to the expertise developed in the management of complex projects, the Group boasts first-class references in infrastructures, and is a reference player in digital technologies and cybersecurity, electronics and advanced systems.

With over 230 years of history and more than 7,000 ships built, Fincantieri maintains its know-how, expertise and management centres in Italy, here employing 10,000 workers and creating around 90,000 jobs, which double worldwide thanks to a production network of 18 shipyards operating in four continents and with almost 21,000 employees.
